

## **meccanocar 411 00 01100-X2002 Spray silicone**

### **Product name**

X2002 Spray silicone

### **Classification**

Technical product Aerosol pressurized lubricant, insulating, protective, silicone based.  
FOR PROFESSIONAL USE ONLY.

### **Characteristics**

Provides release properties, anti-adhesive, water-repellent and anti-static. Also used in the lubrication of industrial machinery, such as polishing and protective for all plastic parts, aluminum, etc. Prolong the life of the seals preventing the cracking and increasing the seal.

Used in the molding of plastics. Waterproof fabrics such as tents, tarpaulins for trucks, hoods for automobiles, etc.

### **Use**

Spray from a distance of about 20 cm on the part to be treated. Can be deployed with a cloth to repel dust from equipment and instrumentation.

### **Composition**

Silicone medium viscosity with high degree of purity, solvents.  
Propellant: LPG mixture (Butane, Propane and Isobutane).

### **Packaging**

Non-refillable bottle tinplate. Name "Aerosol".

### **Technical characteristics**

- Appearance and color: liquid under pressure.
- Odour: mild solvent.
- Content in solvents: YES - about 15%.
- Specific weight: 0.82 kg/l (base reference).
- Flammability: Extremely flammable.
- Evaporation solvents: fast, in the order of a few minutes.
- Propellant: LPG mixture technician.
- Stability in Shelf life: minimum 36 months in conditions of temperature from +5 / +30 ° C. Protect from moisture.

### **Precautions**

Pressurized container. Protect from sunlight and do not expose to temperatures above 50 ° C. Do not spray on a naked flame and any incandescent material. Do not pierce or burn, even after use. Avoid direct inhalation and spray in the eyes. Keep away from sources of ignition. Do not smoking. Keep out of reach of children. Avoid the accumulation of electrostatic charges. Apply product in the quantities strictly necessary. An excess amount may give rise to the formation of the air any buildup of flammable gas. Operate in a well ventilated or air the room immediately after the use.

The information contained in this form are, to the best of our knowledge, correct and accurate and must therefore be considered. In any case they can not imply a guarantee by the us, as the conditions of use are outside our strict control.
